COMPANY PROFILE

2006 - 2025

*„We serve those who protect lives,
well-being and property of others.“*

20 years

2005 - 2025

INTRODUCTORY WORD FROM THE COMPANY OWNER

Dear business partners and friends,
since its founding in 2005, Požární bezpečnost s.r.o. has been a strong and stable partner to volunteer and professional firefighters, rescue workers, organizations, businesses, legal entities, and individuals, as well as ordinary citizens.

Our company was founded in collaboration with volunteer firefighters, primarily in the Vysočina Region, to provide them with affordable, high-quality products from renowned manufacturers, high-level services, as well as financial and material support. I am convinced that we are successfully fulfilling our mission. Between 2006 and 2025, we contributed more than 1,150,000 euros to the activities of cooperating volunteer firefighters across the entire Czech Republic in the form of financial and in-kind donations.

Since 2023, we have had a signed agreement and direct cooperation with Association of Firefighters of Bohemia, Moravia, and Silesia. At the same time, we preserve and support firefighting traditions—in Jihlava, we built a firefighting museum and purchased a historic fire engine from 1883 as an exhibit.

With eight brick-and-mortar stores, an online store, and a team of sales representatives, we now provide our customers with the widest coverage network throughout the Czech Republic. We are among the leading suppliers of transport vehicles (DA) for volunteer fire departments and are a leading supplier of modular firefighting trailers.

In addition to sales, our company provides highly specialized services regarding compliance with legal regulations in the areas of fire protection (FP) and occupational health and safety (OHS). The company's service department primarily handles inspections and repairs of fire extinguishers, hydrants, and other fire safety equipment. For these purposes, we use modern equipment in which we regularly invest. Our specialists are regularly trained experts with extensive experience in the field. We perform all services in accordance with applicable legal regulations. We hold all necessary licenses, authorizations, and certifications.

In 2017, our company established the most important business partnership in its history—we secured exclusive global distribution rights for the world's most successful manufacturer of firefighting technology and equipment—Rosenbauer, headquartered in Leonding, Austria. In addition to selling products, we have also established a Rosenbauer service center.

In 2024, we made the largest investment in the company's history—we purchased a new warehouse, significantly expanding our storage capacity.

In 2025, our company received the "Volunteer Firefighter-Friendly Company" certification.

I would like to take this opportunity to thank all our partners, our team of employees, and other collaborators at Požární bezpečnost s.r.o., because without their support, we would not have been able to continue growing. I am proud of the successes we have achieved together.

Sincere thanks to you
Robert Válal

Robert Válal
the owner of the company

RETAIL ACTIVITIES

Požarní bezpečnost company is the major Czech retailer with equipment, gear and accessories for firefighters and rescuers. We are a partner to both professional and volunteer firemen for whom we secure complex servicing, repairs and renovation of firefighter equipment.

Our sales portfolio consists of:

EXCLUSIVE DISTRIBUTOR OF ROSENBAUER FOR THE CZECH REPUBLIC

Pozarní bezpečnost Ltd. signed an agreement of exclusive sales representation of Rosenbauer International company for the Czech market in 2017. Rosenbauer company was established in 1866 by Johann Rosenbauer. It is a family owned business that has been serving firefighter units for six generations. The company celebrated its 150th anniversary in 2016. Strong aim at customer needs, innovative strength and reliability are key assets of the company. Rosenbauer International which is based in Austrian Leonding belongs among worldwide leaders in firefighting technology. The annual turnover in 2025 of Rosenbauer group exceeded 1.4 billion EUR.

Rosenbauer assets are mainly:

- complex coverage of firefighter's services
- world's biggest firefighting vehicles exporter
- offers the widest sales and support services in firefighting industry
- produces according to DIN and NFPA (US) standards with manufactures in Europe, Northern America and Asia
- world's leader in industrial technologies and innovations

Rosenbauer's strengths include, in particular:

- **AT vehicles (car tankers)**
more than 3,600 pieces manufactured by Rosenbauer; they set up the new standard of these vehicles
- **Industrial vehicles**
efficient pumps in combination with admixer systems, high-volume car tankers, powder extinguishing systems, CO₂ systems
- **Airport special vehicles**
designed especially for firefighting at airports, manufactured according to the most strict safety standards
- **Car ladders, platforms**
top-class technology used that takes advantage of all the professional knowledge of the company as a world leader in car platform technology

Firefighting equipment:

- ROSENBAUER B60 platform for Škoda Auto Mladá Boleslav (2018)

Pozarní bezpečnost Ltd. offers complete portfolio of Rosenbauer products in the Czech market.

TRANSPORT VEHICLES AND TRAILERS

Under the announced grant programs for municipalities to procure L1Z-type fire trucks, Požární bezpečnost s.r.o. is the supplier of these fire trucks (DA) in accordance with the model technical specifications of the General Directorate of the Fire and Rescue Service of the Czech Republic (GR HZS CR). All vehicles we have supplied have been certified by the Technical Institute of Fire Protection (TÚPO). We also declare that our company is qualified to fulfill the relevant public contracts and that we are able to provide proof of this qualification. Since 2016, we have delivered nearly 100 of these vehicles to customers.

We currently offer the following models of vehicles (DA) L1Z:

- Ford Transit Kombi L2 350 Trend 2.0 TDCi, 4x2
- Ford Transit Custom 340 Trend 2.0 TDCi, 4x2
- Mercedes-Benz Sprinter 316 CDI KB/S 4x2
- Mercedes-Benz Sprinter 316 CDI KB/S 4x4
- Volkswagen Crafter 6G FWD SR 130 kW, 4x4

To request a quote or for additional information, please contact us at poptavky@vyzbrojna.cz. You may also contact our sales specialists directly, who will provide you with all the necessary details. Current contact information for our sales specialists can be found on our website in the Contacts section. We also offer consultations and advisory services for public procurement entities regarding commercial vehicles.

All models, including technical specifications, can be viewed on our website, and a preliminary quote is available for each model in the "Attachments" section. Additionally, the vehicles are physically on display at our dealership in Jihlava—customers can view them in person by appointment.

Optional accessories can also be supplied for the above-mentioned commercial vehicle models according to customer requirements. For example, cargo trailers, firefighting trailers, and others. Our sales specialists will provide specific information. We have obtained a type approval certificate for the vehicles we supply from the Ministry of Transport of the Czech Republic.

SERVICES

Despite its wholesale and retail aim the Pozarní bezpečnost company is also a significant supplier of the services in the field of Fire Security (FS) and Occupational Health and Safety (OSH) **for businesses, entrepreneurs and general members of the public.** All the services are provided following contemporary legal framework by the authorised and licensed staff. The company is a member of various expert and professional associations, e.g. The Professional Fire Protection Association of the Czech Republic. The detailed list of these associations as well as corresponding certificates, authorisations and proficiency lists can be accessed via our webpage in the Services section.

OPAVA

THE TEAM

There are currently employed more than 40 core employees and external cooperators in the Pozarni bezpecnost company. More than half of our staff are members of various volunteer firefighter squads so they are very close to our business even in their personal lives. And one could say that their work is also their hobby. Many of our employees have vast experience of more than 25 years in the field of firefighting and fire protection.

In 2026 Pozarni bezpecnost company strenghted it's business branch that aims at special tenders so we can keep up with still increasing interest of our customers and business partners, we also had to reflect a new partnership with Rosenbauer company. We further increase our ranks in our shops to offer to the customer higher levels of customer service.

The most of our employees are mobile, therefore according to our customer needs we are ready to offer to the customers solutions that také place not only in our showrooms, but also directly where customers need us to be.

Complete list of references can be found on webpages www.vyzbrojna.com, section „Contacts“.

Award for social responsibility

We received the Vysocina Region Governor's Awards for Corporate Social Responsibility—in the category of employers with up to 250 employees for 2018, in the category of employers with up to 50 employees for 2019, in the category of employers with up to 50 employees for 2022–2023, and in the category of employers with up to 50 employees for 2024–2025.

INTERNET STORE (E-SHOP)

Our webpage can be found at **www.vyzbrojna.com**. There we also run the internet store that is currently the largest firefighter equipment internet store on the Czech market.

www.vyzbrojna.com

- widest range of goods available
- can be sent via post service or collected at any store
- partnership programme with rewards
- over 400 thousand unique visitors p. a.
- comprehensive information, reviews

Vyzbrojna.com also serves as czech **largest online firefighter equipment database**, where all of the items can be closely inspected, the parameters can be compared, individual price offers can be draft or if you have some specific questions, you can ask our specialists. We keep on improving the quality of our internet store, mainly based on the feedback of our customers. The authentic feedback is publicly visible at Heureka.cz on-line evaluation site.

Our regular customers can join the **bonus programme** and for their purchases recieve interesting gifts. More info on this programme can be found at www.rajhasicu.cz .

For our business partners we have set-up the special **B2B purchasing module** that is included in the website so these customers have access to their specific pricelists, can overview the history of purchase orders, can download the electronic invoices, can access the purchase data as a supervisor and other useful features.

Last but not least there is a **Service center of Fire security (FS) and Occupational safety and health (OSH) outsourcing** available to our customers. There our clients have on-line access to their documentation and other data that we have provided the customer with.

PARTNERSHIP PROGRAMME AND SPONSORING

Through close cooperation with our business partners, our activities go beyond a mere business relationship. Beyond standard business relations, we support volunteer fire departments in particular, as well as other partners, through various discount promotions, sponsorship donations, and in-kind prizes or the loan of recreational attractions—bouncy castles. Our employees actively and passively participate in firefighting competitions. We partner in organizing cultural and social events, such as the Volunteer Firefighter of the Year poll or the PYROCAR firefighting equipment exhibition. Since 2023, we have had a signed agreement and direct cooperation with the Association of Firefighters of Bohemia, Moravia, and Silesia. At the same time, we preserve and support firefighting traditions—in Jihlava, we established a firefighting museum and acquired a historic fire engine from 1883 as an exhibit. In 2025, our company received the “Volunteer Firefighter-Friendly Company” certificate for its activities.

FINANCIAL SUPPORT FOR FIREMEN

financial data are noted in thousands EUR

We support mainly those firefighting units that are our long-time business partners. For various social event as kids days, firefighter squad parties and celebrations etc. the Pozarní bezpečnost company lends inflatable bouncy castles for children to the firemen who are our customers. We have at our disposal one big and several smaller bouncy castles (one at every Pozarní bezpečnost store).

We support firefighter sport.

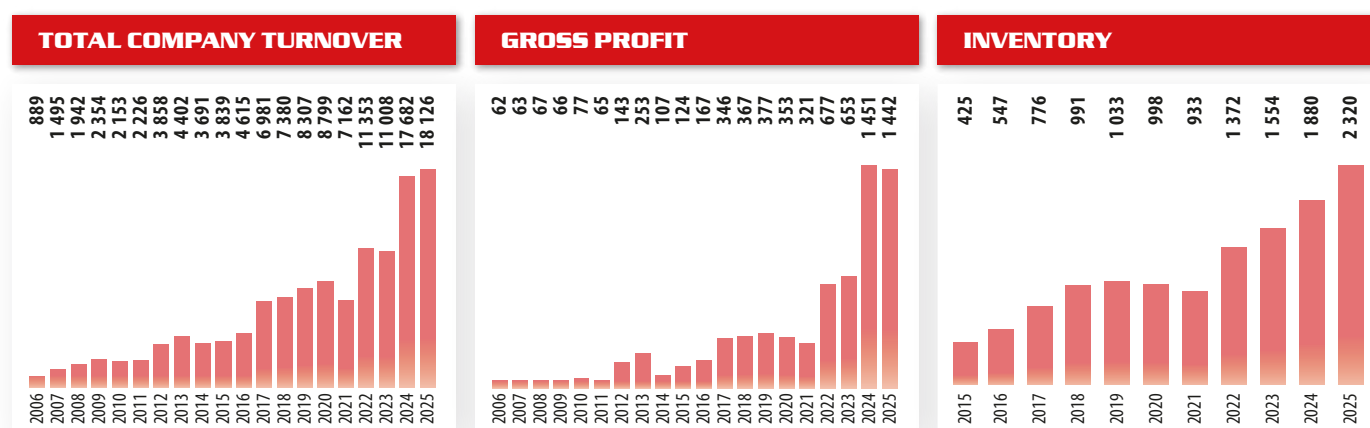

FINANCIAL RESULTS

We are proud of the fact that we offer a strong support for our customers and we are a solid partner to them. To achieve this goal our company needs to keep on thriving and be financially stable. Here is a simplified overview on the company's recent economical development in last 10 years.
